RE: Palmetto Construction Group, LLC
Charleston, South Carolina

I have had the privilege of providing surety bonds for Palmetto Construction Group since its inception in 2000. Over the years, Palmetto has successfully completed a vast array of bonded projects ranging in size and scope from light commercial to multi-million dollar government contracts. Each job was completed on time, and according to the plans and specifications. I have received numerous Letters of Commendation from satisfied Owners during our partnership.

Even through the construction market downturn, Palmetto Construction Group has remained resilient, adapting to the change, strong financially, and committed to providing an excellent product at the most cost-effective pricing.

Being thoroughly familiar with the Palmetto Construction Group Management Team, financial position, technical expertise, and capacity to perform exceptional quality work, I can highly recommend this fine contractor for any project size under consideration.

Respectfully,

C. Criss Williams, Jr.
Senior Sales Executive / Surety
